Dear Sir:

Petitioner, 3M Innovative Properties Company, a corporation of the State of Delaware having a place of business at 3M Center, St. Paul, MN, represents that it is the exclusive owner of the entire interest in the above-identified application (referred to as the "Subject Application") by virtue of an assignment recorded at Reel 6742, Frame 415-417, on October 4, 1993 and Reel 7458, Frame 0506, on April 7, 1995, both transferring rights from inventors to Catalina Coatings, Inc.; Reel 009479, Frame 0654, on October 6, 1998, transferring rights from Catalina Coatings, Inc. to Delta V. Technologies, Inc.; Reel 010703, Frame 0169, on April 20, 2000, transferring rights from Delta V. Technologies, Inc. to Presstek, Inc.; and Reel 011911, Frame 0049, on June 18, 2001, transferring rights from Presstek, Inc. to 3M Innovative Properties Company.

Petitioner further represents that it is the exclusive owner of the entire interest in U.S. Patent No. 5,725,909 (referred to as the "Prior Patent"), by virtue of assignments recorded at Reel 7012, Frame 864-867, on June 10, 1994, transferring rights from inventors to Catalina Coatings, Inc.; Reel 009479, Frame 0654, on October 6, 1998, transferring rights from Catalina Coatings, Inc. to Delta V. Technologies, Inc.; Reel 010703, Frame 0169, on April 20, 2000,

transferring rights from Delta V. Technologies, Inc. to Presstek, Inc.; and Reel 011911, Frame 0049, on June 18, 2001, transferring rights from Presstek, Inc. to 3M Innovative Properties Company.

Petitioner disclaims the terminal part of any patent granted on the Subject Application (referred to as a "Subject Patent") which would extend beyond the expiration date of the full statutory term, as defined in 35 USC §§ 154 to 156 and 173 and as presently shortened by any terminal disclaimer, of the Prior Patent. Petitioner hereby agrees that the Subject Patent shall be enforceable only for and during such period that the legal title to such patent and the Prior Patent are commonly owned. This agreement is to run with the Subject Patent and to be binding upon the grantee, its successors, or assigns.

In making the above disclaimer, Petitioner does not disclaim any terminal part of any Subject Patent that would extend to the expiration date of the full statutory term as defined in 35 USC §§ 154 to 156 and 173 of the Prior Patent, as presently shortened by any terminal disclaimer, in the event such Prior Patent later: (1) expires for failure to pay a maintenance fee; (2) is held unenforceable or is found invalid by a court of competent jurisdiction; (3) is statutorily disclaimed in whole or terminally disclaimed under 37 CFR § 1.321; (4) has all claims canceled by a reexamination certificate; (5) is reissued; or (6) is otherwise terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.

Documents establishing the chain of title of the Subject Application and of the Prior Patent (including the aforementioned assignments and recording locations) have been reviewed and I certify that, to the best of my knowledge and belief, title is in Petitioner.

I declare that all statements made herein of my own knowledge are true and that all statements made herein on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both under 18 USC § 1001 and that such willful false statements may jeopardize the validity of the above-identified application or any patent issuing thereon.

Please charge the fee provided in 37 CFR § 1.20(d) and, if necessary, charge any additional fees or credit any overpayment to Deposit Account No. 13-3723. One copy of this sheet marked duplicate is also enclosed.

Respectfully submitted,

March 14, 2006
